Supporting people in need to live with dignity in the community

Your School & the Compassion Soup Kitchen

Soup Kitchen 4 a Day

Students discover social justice knowledge and values, critically assess their beliefs and take action to support those in need with Soup Kitchen 4 a Day. This flexible programme is based on the Global Citizenship Education model of Learn – Think – Act.

The Soup Kitchen 4 a Day resource pack includes discussion activities, short video clips, role play scenarios and information about the realities of daily life at the Compassion Soup Kitchen.

Students can then get creative and run their own pop-up Soup Kitchen, can drive, bake sale or cooking competition to support the Compassion Soup Kitchen.

Visit the Compassion Soup Kitchen

The Compassion Soup Kitchen has been operation for 115 years — come and share in our history.

Book your visit between 9am and 4pm to see Compassion in action. You will be guided through the facilities, learn about the challenges our guests face, hear about the services we provide, meet the Sisters and staff, and find out how you can support our mahi.

Visiting the Compassion Soup Kitchen is easy and accessible. We are located in the city at 132 Tory Street, Te Aro, Wellington.

A donation of fresh food, cans or a koha is appreciated.

Host a Speaker at your School

Host a member of the Compassion Soup Kitchen staff to speak at your staff meeting, visit your class or talk at assembly. We are more than happy to come and visit your school.

Inspiring your students — our future leaders — to take action for those most in need is important. We can lead a session with your staff or students on the issues we see day-to-day at the Compassion Soup Kitchen. We can explain the big stuff — homelessness, food insecurity, addiction, mental illness — in a positive way which encourages action.

Our schedule is flexible. Let us know when best suits you. A donation of fresh food, cans or koha is appreciated for our time.

Supporting people in need to live with dignity in the community.

In 2017 we celebrate 116 years of the Compassion Soup Kitchen. The Soup Kitchen supports people in need to live with dignity in the community through providing two meals a day, six days a week, social workers, meaningful activities, access to computers, and a safe environment for community and social interaction.
